Dear Danny & Cynthia,

I am pleased to enclose your Statement of Advice (SoA).

It is an important document that you should read and understand before making a decision to proceed further.

We have based the strategies and recommendations in this document on our understanding of your current personal and financial position. If any of this information does not reflect any part of your current position, goals and objectives please advise us immediately and we will make the necessary changes.

The SoA sets out our recommended strategies to address your needs, together with a recommended course of action to implement these strategies.

When you are ready to proceed, we would be very happy to help you with the implementation of the advice, including the completion and lodgement of application forms and other documents.

Please note, our recommendations in this Statement of Advice are valid for 30 days from the date on the cover of this document. If your circumstances change before you implement our recommendations, or if you don't act on them within 30 days, they may no longer be appropriate for you. If that happens, please ask us to review your situation again before you take any action.

Once implemented, we should review your situation on a regular basis to ensure we make the most of any changes that may impact on the strategies I have recommended for you.

Yours sincerely,

Andrew Lord

Purpose of this document

The following Statement of Advice (SoA) is an outline of the financial plan discussed with your financial planner. It details the recommendations needed to execute your plan and achieve your financial objectives.

Timeframe for our advice

Our recommendations in this SoA are valid for 30 days from the preparation date on the cover of this document. If your circumstances change before you implement our recommendations, or if you don't act on them within 30 days, they may no longer be appropriate for you. If that happens, please ask us to review your situation before taking any action.

Check for accuracy

This SoA is based on the information you provided. Please read the document carefully, checking that your details are correct and that no important facts are missing. If anything is wrong or missing, please let us know immediately—otherwise our advice may be based on incorrect information and may not be right for you.

Limitations of our advice

We cannot give advice on:

- Trust or business structures
- Taxation
- General insurance
- Direct share or property purchases
- Legal matters

Please don't consider any of this document's recommendations to be advice in any of these areas. If you need advice in these areas, please see a qualified professional in that field.

Assumptions we've made

When giving advice, we make certain assumptions to demonstrate how the advice could affect your financial situation. We've based our advice on economic information and legislation that was current when we prepared your SoA.

All dollar amounts in this SoA are in today's dollars, even when we mention future income, expenses, investment amounts and so on. Naturally we can't predict what future inflation rates will be, so we can only make assumptions based on past trends. Also, all amounts listed in this document are "p.a." (per annum) unless otherwise stated or implied.

Product selection

We are committed to giving you the best products for your situation. When preparing your advice we considered and recommended only those products on Pareto Group's "Approved Product List". This list was compiled by a dedicated Investment Review Committee, which regularly reviews it. To see the complete product list, please ask us.

Introduction

You are entitled to receive a Statement of Advice (SoA) whenever we provide you with any personal financial advice. Personal financial advice is advice that takes into account any one or more of your objectives, financial situation and needs.

This SoA is a record of the personal financial advice provided to you and includes information on the basis on which this advice is given, information about remuneration including fees, any other benefits and any interests, relationships or associations which might influence the making of the advice.

If this advice includes a recommendation to you to acquire a particular financial product (other than securities) or an offer to issue or arrange the issue of a financial product to you, we will also provide you with a Product Disclosure Statement containing information about the particular product to help you make an informed decision about that product.

The Scope of Our Advice

In this statement of advice, the main focus is on:

- Structure of Assets.
- Superannuation (including self-managed super).

This advice is based on information we have obtained from you. You must ensure the information is accurate and complete. Otherwise, this advice may be based on inaccurate or incomplete information relating to your investment objectives, financial situation or needs. You must therefore assess whether the advice is appropriate, in the light of your own individual investment objectives, financial situation or needs.

You recognise in each of the areas of advice we provide, we only provide advice to the extent we are able to under the relevant legislation.

Our Investment Recommendations

In respect of the specific investments we recommend as part of our advice you are entitled to a 14 day cooling off period for your initial investment. A cooling off period generally means a period of time after which you have provided your capital for investment, where you can change your mind and request for your capital to be returned to you.

Each fund manager or investment provider may implement the cooling off period in a slightly different manner. Therefore we recommend you refer to the Product Disclosure Statement for each of the recommended investments in order to understand the operation of each provider's cooling off period.

Your Adviser

At any time should you have any questions or concerns, in the first instance please contact your adviser Andrew Lord on (03) 9596 5111.

Andrew Lord is authorised to represent Pareto Group Pty Ltd. Should you wish to discuss matters of concern about your adviser or the advice you have received please contact us on 03 9596 5111.

The Planning Process

Danny and Cynthia, *Financial Planning* is a process to help you reach both your Personal and Financial Goals and Objectives. In order to achieve this we jointly need to undertake a number of tasks, including:

- ✓ Confirm your personal goals and lifestyle objectives;
- ✓ Quantify the resources required to meet your goals and objectives;
- ✓ Identify any gaps in your current plans and your stated goals and objectives;
- ✓ Develop suitable strategies to address any differences that may exist bearing in mind your attitude to investing and your risk profile;
- ✓ Conduct a regular review of the strategies we put into effect to ensure they keep pace with your changing needs, legislative changes and the investment environment.

Your Investor Risk Profile

The following section of your plan helps to ensure that I clearly understand your attitude to investment selection. Additionally, investments contain various characteristics, which may or may not suit each individual investor.

Based upon your responses to the Risk Profile Questionnaire, it was determined that Danny can be classified as a Growth investor and Cynthia can be classified as a Balanced investor in regard to your superannuation investments.

Typically, a **Growth** investor has the following characteristics:

- A Growth investor places greater emphasis on capital appreciation with current income and asset preservation being of a secondary concern.
- This requires an investments time horizon of between 5 – 7 years.
- Their portfolio would typically comprise an overweight holding in shares and property with a small exposure to income bearing securities such as cash and fixed interest.

A Growth investor will typically diversify their investment in the following manner:

Australian Shares	43%
International Shares	25%
Property	17%
Fixed Interest	13%
Cash	2%

Typically, a **Balanced** investor has the following characteristics:

- The Balanced investor will typically operate a portfolio evenly split between interest bearing securities and growth oriented investments.
- An exposure to a range of investment sectors including cash, fixed interest, property and shares ensures the portfolio is “truly” balanced.
- Investors are typically comfortable with a variability of their capital over a 5 year horizon while their portfolio builds a growing income stream and capital growth.

A Balanced investor will typically diversify their investment in the following manner:

Australian Shares	34%
International Shares	20%
Fixed Interest	26%
Property	14%
Cash	6%

Our research indicates that long term returns will be best achieved through a diversified portfolio covering all major asset classes (i.e. Cash, Fixed Interest, Shares and Property).

By covering all primary investment markets the risks and volatility of your investments can be managed to levels consistent with your investment profile, whilst maintaining the potential for long term growth.

If you feel the above investor profile does not reflect your attitude as an investor, or the recommended portfolio contained in this report is too aggressive or conservative, please let me know so I may adjust my recommendations accordingly.

Our recommendation has been made given your risk tolerance, while in balance with your goals and objectives.

Superannuation Funds

Danny, you currently have the following superannuation balances:

➤ Mercer	-	\$77,784
➤ IAG/NRMA	-	\$54,998
➤ Telstra	-	\$ 6.657
➤ Asgard	-	\$ 6,495

Cynthia, you currently have the following superannuation balances:

➤ Mercer	-	\$46,768
➤ Asgard	-	\$ 4,523
➤ Supertrace	-	\$ 573

Recommendations:

- Danny, consider rolling over your existing Mercer, IAG/NRMA, Telstra and Asgard superannuation funds into the recommended wholesale platform with a Growth portfolio.
- Cynthia, consider rolling over your existing Mercer, Asgard and Supertrace superannuation funds into the recommended wholesale platform with a Balanced portfolio.
- Nominate 'Legal Personal Representative' as the beneficiary on your respective funds to ensure your superannuation monies are linked to your estate.
- All future contributions are to be directed to the recommended superannuation funds.

Benefits:

- A sector specific asset allocation strategy takes advantage of expert fund managers who specialise in that single sector.
- **You will have access to a wide range of investment options which cannot be accessed in your current funds.**
- You will have access to an anti-detriment payment. This is where the contributions tax you pay on monies contributed may be refunded on the death of a member.
- The recommended wholesale fund platform has a wide range of investment options with access to more than one specialist manager within each asset class.
- The recommended retail fund platform allows for ongoing monitoring and management of the fund's performance and asset allocation.
- **You will gain ongoing advice from us as your financial adviser as we will have full access to information relating to the recommended superannuation fund. This will enable us to provide thorough and timely advice to you.**
- **Lakeside Financial will be able to manage rollovers for payment of insurance premiums in a tax effective manner out of the recommended retail fund platform.**

Risks:

- The recommended investment's performance is subject to market fluctuations.
- Investment performance is not guaranteed.

Note:

Danny's IAG/NRMA fund and Cynthia's Asgard fund will not be rolled over until it is established that the associated insurances within these funds are surplus to your needs.

Outcomes Post Recommendation:

- You will gain access to a diversified portfolio of funds that matches your investor risk profiles and investment objectives. On our analysis this should position you for better long term returns.
- Your superannuation monies will be consolidated into one actively managed platform.
- Lakeside will be able to efficiently manage the payment of your insurance premiums from external policies via rollover.

Alternative Superannuation Strategy - Borrowing in a Self-Managed Superannuation Fund (SMSF)

Background

From 24 September 2007 the general prohibition on superannuation funds borrowing was relaxed to allow super funds, including SMSFs, to borrow, to purchase any asset they would otherwise be permitted to acquire (subject to certain strict instalment warrant-like conditions).

How do these rules work?

These rules allow a super fund trustee to borrow money or to maintain a borrowing of money, under an arrangement where:

- the borrowing is applied for the acquisition of an asset other than one the super fund trustee would be prohibited from acquiring
- the asset is held on trust for the super fund so that the trustee acquires the beneficial interest in the asset (ie a trust is established over the asset)
- the super fund trustee has the right to acquire legal ownership of the asset after making one or more payments, and
- the rights of the lender against the super fund trustee in relation to the borrowing (and any related charges) are limited to the rights relating to the asset

Who can make a loan to a Fund; can it be a member or a bank?

There are no restrictions on who can make a loan to a Fund. Therefore a member, a bank or any other entity could make a loan to a Fund provided the loan complies with the Superannuation Industry Supervision Act (SISA) borrowing Requirements.

Trust arrangements

A requirement of the borrowing exemption is that the asset must be held on trust for the SMSF so that the SMSF acquires the beneficial interest in the asset. That is, the SMSF will not be permitted to directly hold the legal ownership of the asset until it has paid off the loan.

A trust relationship must be established to satisfy the borrowing rules. This could be achieved by the SMSF entering into a trust relationship with another entity, such as a member of the fund, to separate the legal and beneficial ownership of an asset. In this case, the entity holding the legal ownership of the asset would be the trustee, while the SMSF would be the beneficiary and hold the beneficial ownership of the asset. As the beneficial owner of the asset, the SMSF would be entitled to all the income from the asset and is able to instruct the separate trustee to transfer the ownership of the asset to the SMSF on repayment of the loan.

Loan requirements and practical issues

In order for the borrowing to be allowable the loan must be on a limited recourse basis only. That is, the rights of the lender against the SMSF trustee for any default on the borrowing (and any additional charges) must be limited to the rights relating to the asset that was purchased with the borrowing. These rights may include taking possession and disposing of the asset. For example, if a SMSF borrowed money to purchase an asset, such as a commercial property, the rights of the lender against the SMSF must be limited to the rights relating to that particular asset (or any replacement asset). If the SMSF then defaulted, the lender's recourse would only be against that asset. If there was any shortfall on the sale of the property that loss would be borne by the lender.

From a practical perspective the requirement for a limited recourse loan will effectively limit the amount a SMSF trustee can borrow. That is, some lenders may only be willing to lend up to a certain Loan to Value Ratio (LVR) on certain asset classes, such as property. For example, a bank lender may only be willing to lend on direct property and only up to a maximum 60% LVR.

The interest rate for a limited recourse loan may also be higher to reflect the higher risk to the lender. This may also limit a SMSF's ability to borrow in many circumstances. For example, a lender may be willing to go up to an 80% LVR on an asset but the interest rate may be so high as to make the loan so expensive, which results in losses to the SMSF.

How borrowing may work in your SMSF – Potential Strategy

* The amount of \$400k has been used purely for illustrative purposes. This has been documented as a potential strategy as you have stated that you would like to explore property as an asset class and learn more about the tax effective ownership structures.

** The interest rate used is the current variable rate available plus a 1% buffer.

*** Current employer super contributions that are being received.

Benefits of borrowing within super to increase investment exposure:

If we use the example on the previous page, the potential benefits may be demonstrated as follows:

Future Capital Gains Tax (CGT) implications upon sale of the property

Ownership	Purchase Price	Sale Price	Capital Gain	Tax applicable on assessable gain	Tax Payable
Pty Ltd Company	\$400,000	\$800,000	\$400,000	100%	\$150,000
Own Name	\$400,000	\$800,000	\$400,000	50%	\$93,000*
Trust	\$400,000	\$800,000	\$400,000	50%	\$93,000*
SMSF – Accumulation Phase	\$400,000	\$800,000	\$400,000	2/3 rd of 15%	\$40,000
SMSF – Pension Phase	\$400,000	\$800,000	\$400,000	0%	\$0

* Assumes top marginal tax rate.

Increase in future balance of the SMSF

	Super balance at start of period	Debt	Super balance at end of period
No borrowings	\$197,000	Nil	\$394,000
SMSF borrows \$400k	\$597,000	\$400,000	\$794,000

Notes:

- Example does not take into consideration any future superannuation contributions.
- Assumption of funds doubling over the period has been used.

Tax Rates

When assessing the most tax effective environment for your investment assets, we need to consider the tax that would be payable on any income that these investments will generate. The current tax rates are as follows:

Income Earned in your personal name

Tax rates 2013-14 & 2014-15*

<i>Taxable income</i>	<i>Tax on this income</i>
\$1 – \$18,200	Nil
\$18,201 – \$37,000	19c for each \$1 over \$18,200
\$37,001 – \$80,000	\$3,572 plus 32.5c for each \$1 over \$37,000
\$80,001 – \$180,000	\$17,547 plus 37c for each \$1 over \$80,000
\$180,001 and over	\$54,547 plus 45c for each \$1 over \$180,000

* The above rates **do not** include the Medicare levy of 1.5%.

Income Earned in the superannuation environment

Superannuation in 'accumulation' phase - Tax rate = 15%

Superannuation in 'pension' phase - Tax rate = 0%

Tax on superannuation earnings, contributions and income stream

	Non-superannuation	Super accumulation phase	Super pension phase	
			Age 55-59	After age 60
Salary/pension income	Marginal tax rate (max 45% + medicare)	n/a	Marginal tax rate (less 15% rebate) + medicare	Tax free
Super contributions (SGC, salary sacrifice)	n/a	15%	n/a	n/a
Investment income	Marginal tax rate (max 45% + medicare)	Maximum 15%	Tax free	Tax free
Capital gains	Marginal tax rate (50% discount if held for more than 12 months)	10% (15% if asset held less than 12 months)	Tax free	Tax free

Superannuation Contribution Limits

Table 1- Concessional contribution limits

Concessional contributions include employer and self-employed contributions such as salary sacrifice, superannuation guarantee and personal concessional contributions.

Date	Limit (per annum)			
	Age 35-59	Age 60-65	Age 65-74*	Age 75 and over
From 1 July 2012	\$25,000	\$25,000	\$25,000	SGC only
From 1 July 2013	\$25,000	\$35,000	\$35,000	SGC only

*Must be employed at least 40 hours during any consecutive 30 day period in the financial year you would like to make the contributions.

Concessional Contributions were previously known as Deductible Contributions (e.g. Salary Sacrifice).

Table 2 - Non-concessional contribution limits

Date	Limit on after-tax contributions	Eligibility Requirements		
		Under age 65	Age 65 to 74	Age 75 and over
From 1 July 2007	\$150,000 p.a.	May bring forward two years of contributions to make a \$450,000 contribution in one financial year	Must be employed*	Cannot contribute

Surplus Funds (\$250,000)

Danny, you recently received a lump sum Trauma benefit payment of \$385,875. You used a portion of these monies to extinguish the debt against your residential property and the remaining funds (approximately \$250,000) are currently sitting in a bank account. You therefore seek guidance in terms of the most appropriate use of these funds.

Whilst superannuation is the most tax effective environment to hold these funds, it should be noted that superannuation monies cannot be accessed until you reach 60 years of age. As such, any portion of these funds that are placed into the superannuation environment via non-concessional contributions cannot be withdrawn until age 60.

You have advised us that you wish to have access to some or all of these monies over the coming years in order to fund the private school education of Nicholas and Samuel. The following options are therefore presented for your consideration:

Option 1 – Contribute all or part of the funds to superannuation via non-concessional superannuation contributions

Benefits

- The funds will be invested within the tax effective superannuation environment
- The funds may be used to assist with an investment property purchase within the tax effective superannuation environment, thus increasing the amount that may be spent on the purchase and/or reducing the level of funds that need to be borrowed.

Downside

- The funds may not be withdrawn until a condition of release is met (commonly reaching preservation age at age 60)

Notes

- Should the funds be utilised to assist with a superannuation owned investment property purchase, a Self-Managed Superannuation Fund (SMSF) would need to be set up. This would form the subject of a separate Statement of Advice if and when required.

Option 2 – Maintain the funds outside the superannuation environment

Benefits

- The funds will be accessible when they are required to assist with Private School fees

Downside

- The income generated by the funds will be taxed at marginal tax rates

Options in terms of how these funds may be invested include:

A – Term Deposit

The highest rates currently available for term deposits of \$250,000 for a term of 12 months are:

- | | | |
|-------------------------|---|-------|
| ▪ UBank (backed by NAB) | - | 4.00% |
| ▪ ING Direct | - | 3.90% |
| ▪ St.George | - | 3.60% |

Benefits

- The funds will be secure and not subject to market conditions

Downside

- There is no opportunity for capital growth
- The interest will be taxed at marginal tax rates

B – Direct Shares

Benefits

- A direct share portfolio may provide opportunity for capital growth
- The income generated may be taxed at concessional rates via franked dividends

Downside

- There is the risk of a reduction of capital should there be a downturn in the Australian equity market
- Any dividend income will be added to other income (e.g. salary) for tax purposes

C – Managed Funds

Benefits

- A managed fund portfolio may provide opportunity for capital growth
- A managed fund may provide diversification across various asset classes (e.g. Australian shares, International shares, Property, Fixed Interest and Cash)

Downside

- There is the risk of a reduction of capital should there be a downturn in market conditions
- Any distributions will be added to other income (e.g. salary) for tax purposes

Investment Recommendation

Colonial FirstChoice Wholesale Investments

The FirstChoice Investments is a multi-manager investment solution which combines wide investment choice with a competitive and simple fee structure, backed up by a high standard of service support from Colonial First State.

A minimum total investment of \$5,000 (\$1,500 for super) is required to establish an account in FirstChoice Investments. A \$1,000 minimum initial balance is required if a regular investment plan is set up at commencement of the account. The minimum regular investment plan amount is \$100 per month.

Reasons and Benefits

The major features of the Colonial FirstChoice Investments are as follows:

Sector Specific Diversification

A strong range of investment options with access to more than one specialist manager within each asset class. This approach captures the competitive advantages of each manager. We anticipate this will provide higher returns than can be obtained from using diversified funds with, say, only one fund manager.

Simplicity

Consolidated reporting from Colonial First State.

Ease of Management

Automatic investment re-balancing and switching to help you easily and conveniently keep your investment strategies on track.

- We recommend that annual automatic rebalancing is elected.

Highly competitive and simple to understand fee structure

- No entry fee applies to this investment however, with your agreement; your Financial Adviser may wish to charge a one off fee for upfront costs.
- You can agree with your Financial Adviser to have an ongoing Adviser Service Fee for advice paid directly from your investment. The ongoing fee will be deducted monthly from your investment options.
 - Our normal 0.60% p.a. Adviser Service fee will apply.
- No switching fees or exit fees apply to this investment.

Colonial FirstChoice Management Fee

Colonial FirstChoice charges a Management Expense Ratio to cover their administration costs and the associated costs of managing your funds and the adviser's fee. Based on your current portfolio value, we have provided an estimation of the costs you will pay.

* The ongoing investment amount has been annualised to provide you with a clear picture of how fees are paid from your investment. Your regular contribution is placed into the individual underlying funds according to the % split of the allocation of your original investment.

The agreed Ongoing fee is the way we charge for the ongoing service that we provide. If at any time you wish to discuss this you can do so.

I am an authorised representative of Pareto Group Pty Ltd (ABN 11 155 278 078), which holds an Australian Financial Services Licence (AFSL #418700).

Disclosure Statement

Please let us know if you have any questions.

Cooling-off periods

After investing in a financial product, you have a “cooling-off” period in which to change your mind if you don’t think the product meets your needs. The cooling-off period usually starts when you’re told the product has been set up. The length of the period varies with each product.

Each Product Disclosure Statement explains your cooling-off rights.

If you wish to cancel a product, please tell us in writing so we can contact the product issuer within the time restrictions.

No guarantee

The investments we recommend for you must be appropriate for you. However, we don’t guarantee they’re the best available or that they’ll perform in a particular way. Product performance depends on the features and risks described in the Product Disclosure Statements given to you.

Please take the time to read the PDS and understand the products we have recommended. If you have any questions, please contact us.

Tax

There will be tax implications if you act on this advice. We recommend you ask a tax professional to assess the impact on your short and long-term financial positions.

Are My Product Recommendations Restricted?

Non Superannuation Products

Yes, when making non superannuation product recommendations I can only choose products from our Approved Product List (APL). This list is compiled by a dedicated Investment Committee, made up of Research Manager, Directors and Representatives who carefully analyse investment products, prior to including any product on the APL. The Committee utilises leading industry research houses to assist with their analysis.

The APL is regularly reviewed to ensure that all funds, managers and investment companies continue to meet our ongoing stringent requirements.

Superannuation Products

Yes, when making superannuation product recommendations I can only choose products from our Approved Product List (APL). However, if you have a superannuation product that is not on our APL, I am still able to make recommendations in relation to that fund providing I have conducted the necessary research and have a thorough knowledge of the fund.

What is My Responsibility to You?

I am responsible for providing you a 'clear, concise & an effective' method of communicating my recommendations to you. The recommendations are based on your goals and objectives, personal and financial situations, and other information collected from you. The recommendations are appropriate for your needs and current situation.

As the SoA is specifically prepared for you and based on your situation, I do not take any responsibility for any third party persons acting on all or on a part of any advice or recommendations made in this SoA.

Do I Guarantee the Investments I have recommended?

No. By law, the investments I have recommended must be appropriate to you, however, I do not guarantee that the recommended investments are the best for you or that they will perform in a certain way.

Summary

Your Statement of Advice

In preparing this Statement of Advice we have taken into account your specific goals and objectives, and have designed an appropriate strategy that aims to accomplish these.

It is important to appreciate that we live in an ever changing world. Accordingly, it is probable that, overtime, the basis of our calculations (inflation rates, investment rates etc) will change, as will your own requirements and expectations. It is therefore recommended you review your plan on a regular basis to ensure you are still on track to achieve investment objectives.

It is essential to have your investment portfolio reviewed to ensure that the investments are working to their maximum potential and any changes to the investment markets, taxation etc. are promptly and correctly responded to.
