Shane & Jane Kent
9 Carrick Street
MONT ALBERT VIC 3127

Dear Shane & Jane,

I am pleased to enclose your Statement of Advice (SoA).

It is an important document that you should read and understand before making a decision to proceed further.

We have based the strategies and recommendations in this document on our understanding of your current personal and financial position. If any of this information does not reflect any part of your current position, goals and objectives please advise us immediately and we will make the necessary changes.

The SoA sets out our recommended strategies to address your needs, together with a recommended course of action to implement these strategies.

When you are ready to proceed, we would be very happy to help you with the implementation of the advice, including the completion and lodgement of application forms and other documents.

Please note, our recommendations in this Statement of Advice are valid for 30 days from the date on the cover of this document. If your circumstances change before you implement our recommendations, or if you don't act on them within 30 days, they may no longer be appropriate for you. If that happens, please ask us to review your situation again before you take any action.

Once implemented, we should review your situation on a regular basis to ensure we make the most of any changes that may impact on the strategies I have recommended for you.

Yours sincerely,

Andrew Lord

Purpose of this document

The following Statement of Advice (SoA) is an outline of the financial plan discussed with your financial planner. It details the recommendations needed to execute your plan and achieve your financial objectives.

Timeframe for our advice

Our recommendations in this SoA are valid for 30 days from the preparation date on the cover of this document. If your circumstances change before you implement our recommendations, or if you don't act on them within 30 days, they may no longer be appropriate for you. If that happens, please ask us to review your situation before taking any action.

Check for accuracy

This SoA is based on the information you provided. Please read the document carefully, checking that your details are correct and that no important facts are missing. If anything is wrong or missing, please let us know immediately—otherwise our advice may be based on incorrect information and may not be right for you.

Limitations of our advice

We cannot give advice on:

- Trust or business structures
- Taxation
- General insurance
- Direct share or property purchases
- Legal matters

Please don't consider any of this document's recommendations to be advice in any of these areas. If you need advice in these areas, please see a qualified professional in that field.

Assumptions we've made

When giving advice, we make certain assumptions to demonstrate how the advice could affect your financial situation. We've based our advice on economic information and legislation that was current when we prepared your SoA.

All dollar amounts in this SoA are in today's dollars, even when we mention future income, expenses, investment amounts and so on. Naturally we can't predict what future inflation rates will be, so we can only make assumptions based on past trends. Also, all amounts listed in this document are "p.a." (per annum) unless otherwise stated or implied.

Product selection

We are committed to giving you the best products for your situation. When preparing your advice we considered and recommended only those products on Pareto Group's "Approved Product List". This list was compiled by a dedicated Investment Review Committee, which regularly reviews it. To see the complete product list, please ask us.

Introduction

You are entitled to receive a Statement of Advice (SoA) whenever we provide you with any personal financial advice. Personal financial advice is advice that takes into account any one or more of your objectives, financial situation and needs.

This SoA is a record of the personal financial advice provided to you and includes information on the basis on which this advice is given, information about remuneration including fees, commissions, any other benefits and any interests, relationships or associations which might influence the making of the advice.

If this advice includes a recommendation to you to acquire a particular financial product (other than securities) or an offer to issue or arrange the issue of a financial product to you, we will also provide you with a Product Disclosure Statement containing information about the particular product to help you make an informed decision about that product.

The Scope of Our Advice

In this statement of advice, the main focus is on:

- Superannuation Structure
- Superannuation Contribution Strategies
- Retirement Planning and Projections
- Estate Planning

This advice is based on information we have obtained from you. You must ensure the information is accurate and complete. Otherwise, this advice may be based on inaccurate or incomplete information relating to your investment objectives, financial situation or needs. You must therefore assess whether the advice is appropriate, in the light of your own individual investment objectives, financial situation or needs.

You recognise in each of the areas of advice we provide, we only provide advice to the extent we are able to under the relevant legislation.

Our Investment Recommendations

In respect of the specific investments we recommend as part of our advice you are entitled to a 14-day cooling off period for your initial investment. A cooling off period generally means a period of time after which you have provided your capital for investment, where you can change your mind and request for your capital to be returned to you.

Each fund manager or investment provider may implement the cooling off period in a slightly different manner. Therefore, we recommend you refer to the Product Disclosure Statement for each of the recommended investments in order to understand the operation of each provider's cooling off period.

Your Adviser

At any time should you have any questions or concerns, in the first instance please contact your adviser Andrew Lord on (03) 9596 5111.

Andrew Lord is authorised to represent Pareto Group Pty Ltd. Should you wish to discuss matters of concern about your adviser or the advice you have received please contact us on 03 9596 5111.

The Planning Process

Shane and Jane, *Financial Planning* is a process to help you reach both your Personal and Financial Goals and Objectives. In order to achieve this, we jointly need to undertake a number of tasks, including:

- ✓ Confirm your personal goals and lifestyle objectives;
- ✓ Quantify the resources required to meet your goals and objectives;
- ✓ Identify any gaps in your current plans and your stated goals and objectives;
- ✓ Develop suitable strategies to address any differences that may exist bearing in mind your attitude to investing and your risk profile;
- ✓ Conduct a regular review of the strategies we put into effect to ensure they keep pace with your changing needs, legislative changes and the investment environment.

Executive Summary

In this plan our advice considers the following areas of your financial circumstances.

Your Goals and Objectives

After our discussions I have listed below what we agreed were your key goals and objectives. The points listed below form the basis of the plan I have prepared, and therefore you should read them carefully now to ensure that we have an accurate foundation on which to proceed. If there are any modifications required, please advise us prior to the commencement of your financial plan.

Your goals and objectives are to:

- Explore ways in which to maximise your retirement nest egg and put a plan in place to assist in your retirement planning.
- Review your superannuation portfolio and determine appropriate strategies moving forward.
- Generate an income of \$60k+ p.a. in retirement.
- Determine your projected retirement capital over various timeframes.
- Place your future assets under the most tax effective ownership structure.

Notes: As the above information has been used in preparing our recommendations please advise us of any errors or omissions.

The 'Total' column indicates the value of assets and liabilities which are owned by you. This report does not show the value of any portion of the asset or liability that may be owned by a third party or associated entity.

Your Investor Risk Profile

The following section of your plan helps to ensure that I clearly understand your attitude to investment selection. Additionally, investments contain various characteristics, which may or may not suit each individual investor.

The following section of your plan helps to ensure that I clearly understand your attitude to investment selection. Additionally, investments contain various characteristics, which may or may not suit each individual investor.

Based upon your responses to the Risk Profile Questionnaire, it was determined that you can be classified as a **Balanced** investor.

Typically, a **Balanced** investor has the following characteristics:

- The Balanced investor will typically operate a portfolio evenly split between interest bearing securities and growth-oriented investments.
- An exposure to a range of investment sectors including cash, fixed interest, property and shares ensures the portfolio is “truly” balanced.
- Investors are typically comfortable with a variability of their capital over a 5-year horizon while their portfolio builds a growing income stream and capital growth.

A Balanced investor will typically diversify their investment in the following manner:

Australian Shares	34%
International Shares	20%
Fixed Interest	26%
Property	14%
Cash	6%

Our research indicates that long term returns will be best achieved through a diversified portfolio covering all major asset classes (i.e. Cash, Fixed Interest, Shares and Property).

By covering all primary investment markets the risks and volatility of your investments can be managed to levels consistent with your investment profile, whilst maintaining the potential for long term growth.

Any recommendation will be based on your risk tolerance, while in balance with your goals and objectives.

Planning - Recommendations

Tax Rates

When assessing the most tax effective environment for your investment assets, we need to consider the tax that would be payable on any income that these investments will generate. The current tax rates are as follows:

Income Earned in your personal name

Tax rates 2018-19

<i>Taxable income</i>	<i>Tax on this income</i>
\$1 – \$18,200	Nil
\$18,201 – \$37,000	19c for each \$1 over \$18,200
\$37,001 – \$90,000	\$3,572 plus 32.5c for each \$1 over \$37,000
\$90,001 – \$180,000	\$19,822 plus 37c for each \$1 over \$87,000
\$180,001 and over	\$54,232 plus 45c for each \$1 over \$180,000

* The above rates **do not** include the Medicare levy of 2.0%.

Income Earned in the superannuation environment

Superannuation in 'accumulation' phase	-	Tax rate = 15%
Superannuation in 'pre-retirement pension' phase	-	Tax rate = 15%
Superannuation in 'allocated pension' phase	-	Tax rate = 0%

Tax on superannuation earnings, contributions and income streams

	Non-superannuation	Super accumulation and pre-retirement pension phase	Super allocated pension phase
			After age 60
Salary/pension income	Marginal tax rate (max 45% + medicare)	n/a	Tax free
Super contributions (SGC, salary sacrifice)	n/a	15%	n/a
Investment income	Marginal tax rate (max 45% + medicare)	Maximum 15%	Tax free*
Capital gains	Marginal tax rate (50% discount if held for more than 12 months)	10% (15% if asset held less than 12 months)	Tax free*

Superannuation Contribution Limits

Table 1- Concessional contribution limits

Concessional contributions include employer and self-employed contributions such as salary sacrifice, superannuation guarantee and personal concessional contributions.

Date	Limit (per annum)				
	To Age 49	Age 50-59	Age 60-65	Age 65-74*	Age 75 and over
From 1 July 2012	\$25,000	\$25,000	\$25,000	\$25,000	SGC only
From 1 July 2013	\$25,000	\$25,000	\$35,000	\$35,000	SGC only
From 1 July 2014	\$30,000	\$35,000	\$35,000	\$35,000	SGC only
From 1 July 2017	\$25,000	\$25,000	\$25,000	\$25,000	SGC only

*Must be employed at least 40 hours during any consecutive 30-day period in the financial year you would like to make the contributions.

Concessional Contributions were previously known as Deductible Contributions (e.g. Salary Sacrifice).

Table 2 - Non-concessional contribution limits

Date	Limit on after-tax contributions	Eligibility Requirements		
		Under age 65	Age 65 to 74	Age 75 and over
From 1 July 2007	\$150,000 p.a.	May bring forward two years of contributions to make a \$450,000 contribution in one financial year	Must be employed	Cannot contribute
From 1 July 2014	\$180,000 p.a.	May bring forward two years of contributions to make a \$540,000 contribution in one financial year	Must be employed	Cannot contribute
From 1 July 2017	\$100,000 p.a.	May bring forward two years of contributions to make a \$300,000 contribution in one financial year	Must be employed	Cannot contribute

Superannuation Funds

Shane and Jane, you currently have the following approximate superannuation balances:

Shane

- ESSS \$414,832
- Care Super \$ 45,075

Jane

- Care Super \$420,192
- TOTAL \$880,099**

ESSS – Account Number 4543710

- The fund currently has a balance of approximately \$414,832.
- This was previously under a Defined Benefit structure; however, this was transferred to a 'holding account' in May 2015.
- The 'holding account' is subject to a credit rate which fluctuates daily, resulting in a 'declared credit rate' at the end of each financial year.
- This credit rate does not fall below zero.
- The historical declared credit rates are as follows:

2017/18	2016/17	2015/16
7.63%	7.75%	8.68%

Recommendation:

- Maintain the ESSS fund based on the following:
 - The historical declared credit rates compare favourably to funds that are invested in the market, yet risk is minimised.
 - The declared credit rate cannot fall below zero which effectively means your capital is preserved.

Care Super – Account Number 309 759 71 (Shane) & 264 440 81 (Jane)

Shane and Jane, you each have a superannuation fund with Care Super invested in the 'Balanced' option.

Superannuation Options (Care Super):

You each have the following options available to you:

1. Maintain your Care Super Funds with the existing Balanced Option
2. Rollover to a wholesale platform such as Colonial First State and invest in a specifically tailored, actively managed "Balanced" portfolio

A comparison of the 2 options are provided for you in the following pages to allow you to make an informed decision.

The asset allocation of the Care Super Balanced option is:

Should you decide to move to the suggested alternative superannuation platform:

- Your total annual superannuation fees are anticipated to reduce slightly.
- You will gain ongoing advice from us as your financial adviser as we will have full access to information relating to the recommended investment within the recommended platform. This will enable us to provide thorough and timely advice to you.
- Your superannuation funds will be invested in-line with your “balanced” investor risk profile and structured in a more actively managed portfolio.
- You have the ability to pay insurance premiums from superannuation. We can manage this transaction on your behalf if made from the recommended platform, saving you time and the stress of managing this process each year yourself.
- You will have access to a wide range of investment options.

Colonial FirstChoice Wholesale Investments

The FirstChoice Investments is a multi-manager investment solution which combines wide investment choice with a competitive and simple fee structure, backed up by a high standard of service support from Colonial First State.

A minimum total investment of \$5,000 (\$1,500 for super) is required to establish an account in FirstChoice Investments. A \$1,000 minimum initial balance is required if a regular investment plan is set up at commencement of the account. The minimum regular investment plan amount is \$100 per month.

Reasons and Benefits

The major features of the Colonial FirstChoice Investments are as follows:

Sector Specific Diversification

A strong range of investment options with access to more than one specialist manager within each asset class. This approach captures the competitive advantages of each manager. We anticipate this will provide higher returns than can be obtained from using diversified funds with, say, only one fund manager.

Simplicity

Consolidated reporting from Colonial First State.

Ease of Management

Automatic investment re-balancing and switching to help you easily and conveniently keep your investment strategies on track.

- We recommend that annual automatic rebalancing is elected.

Highly competitive and simple to understand fee structure

- No entry fee applies to this investment however, with your agreement; your Financial Adviser may wish to charge a one-off fee for upfront costs.
- You can agree with your Financial Adviser to have an ongoing Adviser Service Fee for advice paid directly from your investment. The ongoing fee will be deducted monthly from your investment options.
 - **Our normal 0.40% p.a. Adviser Service fee will apply.**
- No switching fees or exit fees apply to this investment.

Concessional Superannuation Contributions

Over the past two financial years, you have each made the following personal concessional contributions to superannuation:

2016/17 financial year:

Shane	\$12,000
Jane	\$12,000

2017/18 financial year:

Shane	\$20,000
Jane	\$20,000

Recommendation:

- Consider making personal concessional contributions to superannuation up to the maximum of \$25,000 each per annum.

Benefits:

- Personal concessional contributions are made with pre-tax dollars and therefore you will receive a reduction in taxable income for the contributions that you make.
- These contributions will be taxed at a maximum of 15% compared to the 34.5% if taken as income.
- **By increasing your superannuation contributions from \$20,000 each p.a. to \$25,000 each p.a., the total tax saving for a full financial year is \$1,950.**
- **You have increased your combined NET superannuation contributions by \$8,500 p.a. to build a capital base to meet your retirement income goals.**

Risks:

- Superannuation benefits are subject to market returns and earning rates are not guaranteed.

Superannuation – Pension Phase and Retirement Income Streams

Shane, current legislation allows you (as you have reached preservation age) to commence an income stream with your superannuation monies. From age 60, all income received from this income stream is tax free.

Previously, once you commenced an income stream all income on the amount funding the income stream was tax free as opposed to being taxed at 15% when in accumulation phase. However, from 1st July 2017 the taxation of earnings in pension phase continues to apply to ‘transition to retirement’ income streams where *preservation age has been reached and you have not yet retired*.

The minimum pension amount that you must draw is 4% per annum whilst the maximum pension you can draw is 10%, with the specific amounts being re-calculated in July each year.

Recommendations:

- Consider moving your superannuation from ‘accumulation’ to ‘pension’ phase, only if you do not have the ability to make the maximum personal concessional contributions to superannuation each year.

Benefits:

- The income stream assists in meeting your cash flow requirements in a tax effective manner.

Retirement Projections

We have provided calculations at the rear of this SoA, detailing projected superannuation capital balances based on various levels of contributions and superannuation returns. A summary of these projections is contained in the table below:

Annual Contribution	Super Growth Rate (p.a.)	Year 3	Year 5	Year 7	Year 10
\$12,000 each	3%	\$1,075,967	\$1,182,906	\$1,296,357	\$1,416,643
	5%	\$1,157,754	\$1,318,242	\$1,495,179	\$1,690,178
	7%	\$1,244,267	\$1,466,784	\$1,721,544	\$2,013,143
\$20,000 each	3%	\$1,132,864	\$1,270,876	\$1,417,293	\$1,572,551
	5%	\$1,216,372	\$1,410,748	\$1,625,047	\$1,861,237
	7%	\$1,304,650	\$1,564,069	\$1,861,077	\$2,201,047
\$25,000 each	3%	\$1,168,425	\$1,325,858	\$1,492,877	\$1,669,994
	5%	\$1,253,008	\$1,468,564	\$1,706,214	\$1,968,149
	7%	\$1,342,390	\$1,624,872	\$1,948,286	\$2,318,487

A copy of the calculations used to derive the different outcomes detailed above is contained in the appendix at the rear of this Statement of Advice.

At retirement, assuming various returns on superannuation capital, the following income would be generated without eroding any capital:

		Retirement after 3 years	Retirement after 5 years	Retirement after 7 years	Retirement after 10 years
Annual Contribution	Super Growth Rate (p.a.)	Annual Income	Annual Income	Annual Income	Annual Income
\$12,000 each	3%	\$32,279	\$35,487	\$38,891	\$42,499
	5%	\$57,888	\$65,912	\$74,759	\$84,509
	7%	\$87,099	\$102,675	\$120,508	\$140,920
\$20,000 each	3%	\$33,986	\$38,126	\$42,519	\$47,177
	5%	\$60,819	\$70,537	\$81,252	\$93,062
	7%	\$91,326	\$109,485	\$130,275	\$154,073
\$25,000 each	3%	\$35,053	\$39,776	\$44,786	\$50,100
	5%	\$62,650	\$73,428	\$85,311	\$98,407
	7%	\$93,967	\$113,741	\$136,380	\$162,294

Future Inheritance

- You have stated that at some stage you expect to receive additional funds via inheritance.

Consideration:

- In light of the fact that superannuation is a 'tax-free' environment to hold investment assets (when in pension phase), consider making Personal Non-Concessional superannuation contributions up to the maximum limits detailed below:

Non-concessional contribution limits

Date	Limit on after-tax contributions	Eligibility Requirements		
		Under age 65	Age 65 to 74	Age 75 and over
From 1 July 2017	\$100,000 p.a.	May bring forward two years of contributions to make a \$300,000 contribution in one financial year	Must be employed	Cannot contribute

Benefits:

- Any assets held within the fund are effectively being held in the most tax effective environment as any earnings are taxed at 15%. Once you retire or reach age 65, all earnings are considered 'tax free' when in 'pension phase'.

Risks:

- Superannuation benefits are subject to market returns and earning rates are not guaranteed.

Estate Planning

Although considerable emphasis is placed on wealth creation and protection, a third vital aspect of your financial strategy is the control of the manner in which your wealth will be distributed after your death.

The expression “Estate planning” represents the concept of the planning and documentation of your wishes for the distribution of your wealth following death, whether the assets are held personally or controlled by related entities such as trusts or companies.

Estate planning is a specialised area, and it is important that you obtain professional advice in relation to all areas of your estate plan. However, we outline below some of the issues you should consider in designing your estate plan.

Wills and Testamentary Trusts

A Will is the first step in ensuring that the distribution of your estate is actioned in accordance with your wishes. If you die without a Will (intestate), it may be that a court will control both the manner of distribution of your estate and the persons to whom your estate is distributed, and this can cause unnecessary distress.

You currently have basic Wills in place.

Recommendation:

- **We have an arrangement with Lakeside Lawyers Pty Ltd who can assist with the implementation of an appropriate Will as soon as possible.**

It is important to ensure your Will:

- Nominates executors (and substitute executors) who are likely to survive you and who clearly understand your wishes.
- Nominates beneficiaries in relation to every segment of your estate and nominates alternative beneficiaries should your primary beneficiaries predecease you.
- Bequeaths monetary value or a percentage of your estate rather than a specific asset, as there is the risk that an asset may not be in existence at the time of distribution of the estate.
- Includes provision for the establishment of a testamentary trust, which can be a tax effective tool for distributing your estate.

Benefits:

- Peace of mind, knowing all your wishes are detailed to be carried out, and plans articulated for your immediate family to be adequately provided for in the event of your death.
- If your Will incorporates a testamentary trust, your assets would pass into a discretionary trust (or multiple trusts) and be held for the benefit of your beneficiaries, (rather than directly by them).
- This could be determined on an annual basis having regard to each beneficiary's personal income and taxation circumstances (importantly, income distributed from a testamentary trust to minors is taxed at normal adult marginal tax rates), as well as family circumstances (assets held within a testamentary trust may provide some protection in the event of family breakdown or bankruptcy).

Non-Estate Assets

It is important your estate planning arrangements incorporate your entire asset base.

Recommendation:

- **We recommend you consult an approved legal practitioner. We have an arrangement with Lakeside Lawyers Pty Ltd who will be able to assist you with this.**

Although a Will constitutes a vital part of your estate planning arrangements, not all of your assets are automatically subject to the provisions of a Will. Examples of such 'assets' are as follows:

- Superannuation assets – the Trustee of a superannuation fund is required to distribute your superannuation monies (including any life insurance benefits paid as a result of the death of the member) in accordance with the Trust Deed. You usually have the option of informing the Trustee of your preferences in relation to the distribution of your funds, but this may or may not be binding on the Trustee.
- Jointly held assets – if assets are held as 'joint tenants', then upon the death of one of the owners the asset automatically passes in full to the other owner (no matter what is said in the Will of the deceased co-owner). On the other hand, assets held as 'tenants in common' are able to be disposed of as part of a Will.
- Life insurance policies – depending on the ownership of the policy, benefits can be paid to the following - the deceased's estate and therefore distributed through their Will (when the owner of the policy is also the insured person) - a person who has been nominated as the beneficiary of a policy by the deceased owner (in which case the beneficiary automatically receives the proceeds of the policy) - or any third party who owns the policy.
- Assets owned by a Trust – these assets are legally owned by the Trustee of the Trust and therefore are not able to be dealt with through a person's Will.

(Note: In recent times, the use of Trusts as an estate planning vehicle has become wide spread and your solicitor or other business adviser should be consulted if you wish to exercise a measure of control over the way in which Trust assets are managed or distributed. For example, if a company acts as trustee for a Trust, you may retain an interest in the company and therefore the trust by owning shares in that company.)

- Assets owned by a company – only the deceased's shares in the company may be dealt with through their Will.

Powers of Attorney

This element of your estate plan is designed to be implemented prior to your death so that your affairs can be conducted appropriately.

You both currently have Powers of Attorney in place.

Recommendation:

- **We recommend you consult an approved legal practitioner to ensure they are reviewed as soon as possible.**
- **We have an arrangement with Lakeside Lawyers Pty Ltd who will be able to assist you with this.**
- **We recommend you consult Lakeside Lawyers Pty Ltd for a review every three years.**

There are three 'standard' types of Power of Attorney:

- A general Power of Attorney which can provide the donee with restricted or unrestricted authority over the donor's financial affairs (but not their health care). Such a policy lapses if the donor loses mental capacity.
- An enduring Power of Attorney which provides the donee with authority over the donor's financial affairs (but not their health care) until they die (i.e. it extends beyond any loss of mental capacity).
- An enduring medical Power of Attorney which provides the donee with authority over the medical needs of the donor if the donor himself is unable to make such decisions (whether temporarily or permanently).

Note 1 - A Power of Attorney may only be granted by someone who is over the age of 18 and who is of sound mind at the time of the grant and capable of fully understanding the nature and purpose of the document they are signing.

Note 2 - The attorney is not able to do anything illegal while operating under a Power of Attorney, nor is he/she able to sign a Will on behalf of the donor, or to transfer the Power of Attorney to someone else unless authorised to do so.

Disclosure Statement

To help you understand the full benefits, details and risks of our recommended products, please read the Product Disclosure Statements that we will provide you.

Please let us know if you have any questions.

Cooling-off periods

After investing in a financial product, you have a “cooling-off” period in which to change your mind if you don’t think the product meets your needs. The cooling-off period usually starts when you’re told the product has been set up. The length of the period varies with each product.

Each Product Disclosure Statement explains your cooling-off rights.

If you wish to cancel a product, please tell us in writing so we can contact the product issuer within the time restrictions.

No guarantee

The investments we recommend for you must be appropriate for you. However, we don’t guarantee they’re the best available or that they’ll perform in a particular way. Product performance depends on the features and risks described in the Product Disclosure Statements given to you.

Please take the time to read the PDS and understand the products we have recommended. If you have any questions, please contact us.

Tax

There will be tax implications if you act on this advice. We recommend you ask a tax professional to assess the impact on your short and long-term financial positions.

Are My Product Recommendations Restricted?

Non-Superannuation Products

Yes, when making non-superannuation product recommendations I can only choose products from our Approved Product List (APL). This list is compiled by a dedicated Investment Committee, made up of Research Manager, Directors and Representatives who carefully analyse investment products, prior to including any product on the APL. The Committee utilises leading industry research houses to assist with their analysis.

The APL is regularly reviewed to ensure that all funds, managers and investment companies continue to meet our ongoing stringent requirements.

Superannuation Products

Yes, when making superannuation product recommendations I can only choose products from our Approved Product List (APL). However, if you have a superannuation product that is not on our APL, I am still able to make recommendations in relation to that fund providing I have conducted the necessary research and have a thorough knowledge of the fund.

What is My Responsibility to You?

I am responsible for providing you a 'clear, concise & an effective' method of communicating my recommendations to you. The recommendations are based on your goals and objectives, personal and financial situations, and other information collected from you. The recommendations are appropriate for your needs and current situation.

As the SoA is specifically prepared for you and based on your situation, I do not take any responsibility for any third-party persons acting on all or on a part of any advice or recommendations made in this SoA.

Do I Guarantee the Investments I have recommended?

No. By law, the investments I have recommended must be appropriate to you, however, I do not guarantee that the recommended investments are the best for you or that they will perform in a certain way.

Your Financial Plan

In preparing this plan we have taken into account your specific goals and objectives, and have designed an appropriate strategy that aims to accomplish these.

It is important to appreciate that we live in an ever-changing world. Accordingly, it is probable that, overtime, the basis of our calculations (inflation rates, investment rates etc) will change, as will your own requirements and expectations. It is therefore recommended you review your plan on a regular basis to ensure you are still on track to achieve investment objectives.

It is essential to have your investment portfolio reviewed to ensure that the investments are working to their maximum potential and any changes to the investment markets, taxation etc. are promptly and correctly responded to.

Next steps

How to get started

To implement our recommendations in this plan, please do the following:

- Make sure you read this Statement of Advice and Product Disclosure Statements
- Contact us if you have any questions
- Tell us immediately if any information is incorrect
- Complete the application forms in the Product Disclosure Statements
- Sign and date the Authority to Proceed
- Return the forms to us
- Retain a copy for your records

Finally

Please note, as with any investments, their future value may fluctuate, particular rates of return cannot be guaranteed and you may not get back what you originally invested. We have provided a brief summary of the managed investment products recommended, however, you will need to study the investment statements of the recommended products carefully before you decide to invest.
