Purpose of this document

The following Statement of Advice (SoA) is an outline of the financial plan discussed with your financial planner. It details the recommendations needed to execute your plan and achieve your financial objectives.

Timeframe for our advice

Our recommendations in this SoA are valid for 30 days from the preparation date on the cover of this document. If your circumstances change before you implement our recommendations, or if you don't act on them within 30 days, they may no longer be appropriate for you. If that happens, please ask us to review your situation before taking any action.

Check for accuracy

This SoA is based on the information you provided. Please read the document carefully, checking that your details are correct and that no important facts are missing. If anything is wrong or missing, please let us know immediately—otherwise our advice may be based on incorrect information and may not be right for you.

Limitations of our advice

We cannot give advice on:

- Trust or business structures
- Taxation
- General insurance
- Direct share or property purchases
- Legal matters

Please don't consider any of this document's recommendations to be advice in any of these areas. If you need advice in these areas, please see a qualified professional in that field.

Assumptions we've made

When giving advice, we make certain assumptions to demonstrate how the advice could affect your financial situation. We've based our advice on economic information and legislation that was current when we prepared your SoA.

All dollar amounts in this SoA are in today's dollars, even when we mention future income, expenses, investment amounts and so on. Naturally we can't predict what future inflation rates will be, so we can only make assumptions based on past trends. Also, all amounts listed in this document are "p.a." (per annum) unless otherwise stated or implied.

Product selection

We are committed to giving you the best products for your situation. When preparing your advice we considered and recommended only those products on Pareto Group's "Approved Product List". This list was compiled by a dedicated Investment Review Committee, which regularly reviews it. To see the complete product list, please ask us.

Introduction

This SoA is a record of the personal financial advice provided to you and includes information on the basis on which this advice is given, information about remuneration including fees, any other benefits and any interests, relationships or associations which might influence the making of the advice.

If this advice includes a recommendation to you to acquire a particular financial product (other than securities) or an offer to issue or arrange the issue of a financial product to you, we will also provide you with a Product Disclosure Statement containing information about the particular product to help you make an informed decision about that product.

The Scope of Our Advice

In this statement of advice, the main focus is on:

- Structure and Ownership of Current and Future Investments
- Superannuation Structure
- Retirement Planning

This advice is based on information we have obtained from you. You must ensure the information is accurate and complete. Otherwise, this advice may be based on inaccurate or incomplete information relating to your investment objectives, financial situation or needs. You must therefore assess whether the advice is appropriate, in the light of your own individual investment objectives, financial situation or needs.

You recognise in each of the areas of advice we provide, we only provide advice to the extent we are able to under the relevant legislation.

Our Investment Recommendations

In respect of the specific investments we recommend as part of our advice you are entitled to a 14-day cooling off period for your initial investment. A cooling off period generally means a period of time after which you have provided your capital for investment, where you can change your mind and request for your capital to be returned to you.

Each fund manager or investment provider may implement the cooling off period in a slightly different manner. Therefore, we recommend you refer to the Product Disclosure Statement for each of the recommended investments in order to understand the operation of each provider's cooling off period.

At any time should you have any questions or concerns, in the first instance please contact your adviser Andrew Lord on (03) 9596 5111.

Andrew Lord is authorised to represent Pareto Group Pty Ltd. Should you wish to discuss matters of concern about your adviser or the advice you have received please contact us on 03 9596 5111.

The Planning Process

Alan and Angela, *Financial Planning* is a process to help you reach both your Personal and Financial Goals and Objectives. In order to achieve this we jointly need to undertake a number of tasks, including:

- ✓ Identify any gaps in your current plans and your stated goals and objectives;
- ✓ Develop suitable strategies to address any differences that may exist bearing in mind your attitude to investing and your risk profile;
- ✓ Conduct a regular review of the strategies we put into effect to ensure they keep pace with your changing needs, legislative changes and the investment environment.

Executive Summary

In this plan our advice considers the following areas of your financial circumstances.

Your Goals and Objectives

Strategy Recommendation

Tax Rates

When assessing the most tax effective environment for your investment assets, we need to consider the tax that would be payable on any income that these investments will generate. The current tax rates are as follows:

Income Earned in your personal name

Tax rates 2018-19

<i>Taxable income</i>	<i>Tax on this income</i>
\$1 – \$18,200	Nil
\$18,201 – \$37,000	19c for each \$1 over \$18,200
\$37,001 – \$90,000	\$3,572 plus 32.5c for each \$1 over \$37,000
\$90,001 – \$180,000	\$19,822 plus 37c for each \$1 over \$87,000
\$180,001 and over	\$54,232 plus 45c for each \$1 over \$180,000

* The above rates **do not** include the Medicare levy of 2.0%.

Income Earned in the superannuation environment

Superannuation in 'accumulation' phase	-	Tax rate = 15%
Superannuation in 'pre-retirement pension' phase	-	Tax rate = 15%
Superannuation in 'allocated pension' phase	-	Tax rate = 0%

Tax on superannuation earnings, contributions and income streams

	Non-superannuation	Super accumulation and pre-retirement pension phase	Super allocated pension phase
			After age 60
Salary/pension income	Marginal tax rate (max 45% + medicare)	n/a	Tax free
Super contributions (SGC, salary sacrifice)	n/a	15%	n/a
Investment income	Marginal tax rate (max 45% + medicare)	Maximum 15%	Tax free*
Capital gains	Marginal tax rate (50% discount if held for more than 12 months)	10% (15% if asset held less than 12 months)	Tax free*

Superannuation Contribution Limits

Table 1- Concessional contribution limits

Concessional contributions include employer and self-employed contributions such as salary sacrifice, superannuation guarantee and personal concessional contributions.

Date	Limit (per annum)				
	To Age 49	Age 50-59	Age 60-65	Age 65-74*	Age 75 and over
From 1 July 2012	\$25,000	\$25,000	\$25,000	\$25,000	SGC only
From 1 July 2013	\$25,000	\$25,000	\$35,000	\$35,000	SGC only
From 1 July 2014	\$30,000	\$35,000	\$35,000	\$35,000	SGC only

*Must be employed at least 40 hours during any consecutive 30 day period in the financial year you would like to make the contributions.

Concessional Contributions were previously known as Deductible Contributions (e.g. Salary Sacrifice).

Table 2 - Non-concessional contribution limits

Date	Limit on after-tax contributions	Eligibility Requirements		
		Under age 65	Age 65 to 74	Age 75 and over
From 1 July 2007	\$150,000 p.a.	May bring forward two years of contributions to make a \$450,000 contribution in one financial year	Must be employed	Cannot contribute
From 1 July 2014	\$180,000 p.a.	May bring forward two years of contributions to make a \$540,000 contribution in one financial year	Must be employed	Cannot contribute

Investments Currently Outside of Superannuation

- Alan and Angela, you currently have the following surplus funds in your personal name:

Cash	\$750,000
------	-----------

- You seek advice with respect to the best use of these funds.

Recommendation:

- Place \$200,000 against your 'non-deductible' debt.

Benefits:

- You will no longer be paying interest on this non-deductible debt.

Recommendation (remaining funds of \$550,000):

- In light of the fact that superannuation is a tax effective environment to hold investment assets, we recommend to make superannuation contributions based on the following timeline (these contributions remain within the contribution caps detailed in the 'Superannuation Contribution Limits' section):

Who	Timing	Type of contribution	Amount
Alan	Pre 30/06/19	Personal concessional	\$25,000
Angela	Pre 30/06/19	Personal concessional	\$25,000
Alan	Pre 30/06/19	Non-concessional	\$100,000
Angela	Pre 30/06/19	Non-concessional	\$100,000
Alan	Post 1/07/19	Personal concessional	\$25,000
Angela	Post 1/07/19	Personal concessional	\$25,000
Alan	Post 1/07/19	Non-concessional	\$250,000
Total			\$550,000

Benefits:

- Once you cease working and the superannuation fund is in 'pension phase', any assets held within the fund will effectively be held in the most tax effective environment.

Risks:

- Superannuation benefits are subject to market returns and earning rates are not guaranteed.

Deductible v Non-Deductible Debt

- You currently have the following debt:

Property	Approximate Value	Type	Current Debt	Deductible / Non-deductible
Residential property	\$2,500,000	Residential	\$200,000	Non-deductible
Oakleigh Investment	\$650,000	Investment	\$200,000	Deductible

- By placing \$200,000 against your non-deductible debt, you will effectively extinguish all non-deductible debt.
- Interest on remaining borrowings will be tax deductible.

Superannuation – Pension Phase and Retirement Income Streams

Current legislation allows you (as you have reached preservation age) to commence an income stream with your superannuation monies. From age 60, all income received from this income stream is tax free.

Previously, once you commenced an income stream all income on the amount funding the income stream was tax free as opposed to being taxed at 15% when in accumulation phase. However, from 1st July 2017 the taxation of earnings in pension phase continues to apply to 'transition to retirement' income streams where *preservation age has been reached and you have not yet retired*.

The minimum pension amount that you must draw is 4% per annum whilst the maximum pension you can draw is 10%, with the specific amounts being re-calculated in July each year.

Recommendations:

- Consider moving your superannuation from 'accumulation' to 'pension' phase, only if you do not have the ability to make the maximum personal concessional contributions to superannuation each year.

Benefits:

- The income stream assists in meeting your cash flow requirements in a tax effective manner.

Tax

There will be tax implications if you act on this advice. We recommend you ask a tax professional to assess the impact on your short and long-term financial positions.

Are My Product Recommendations Restricted?

Non-Superannuation Products

Yes, when making non-superannuation product recommendations I can only choose products from our Approved Product List (APL). This list is compiled by a dedicated Investment Committee, made up of Research Manager, Directors and Representatives who carefully analyse investment products, prior to including any product on the APL. The Committee utilises leading industry research houses to assist with their analysis.

The APL is regularly reviewed to ensure that all funds, managers and investment companies continue to meet our ongoing stringent requirements.

Superannuation Products

Yes, when making superannuation product recommendations I can only choose products from our Approved Product List (APL). However, if you have a superannuation product that is not on our APL, I am still able to make recommendations in relation to that fund providing I have conducted the necessary research and have a thorough knowledge of the fund.

What is My Responsibility to You?

I am responsible for providing you a 'clear, concise & an effective' method of communicating my recommendations to you. The recommendations are based on your goals and objectives, personal and financial situations, and other information collected from you. The recommendations are appropriate for your needs and current situation.

As the SoA is specifically prepared for you and based on your situation, I do not take any responsibility for any third-party persons acting on all or on a part of any advice or recommendations made in this SoA.

Do I Guarantee the Investments I have recommended?

No. By law, the investments I have recommended must be appropriate to you, however, I do not guarantee that the recommended investments are the best for you or that they will perform in a certain way.

Your Financial Plan

In preparing this plan we have taken into account your specific goals and objectives, and have designed an appropriate strategy that aims to accomplish these.

It is important to appreciate that we live in an ever-changing world. Accordingly, it is probable that, overtime, the basis of our calculations (inflation rates, investment rates etc) will change, as will your own requirements and expectations. It is therefore recommended you review your plan on a regular basis to ensure you are still on track to achieve investment objectives.

It is essential to have your investment portfolio reviewed to ensure that the investments are working to their maximum potential and any changes to the investment markets, taxation etc. are promptly and correctly responded to.
