Timeframe for our advice

Our recommendations in this SoA are valid for 30 days from the preparation date on the cover of this document. If your circumstances change before you implement our recommendations, or if you don't act on them within 30 days, they may no longer be appropriate for you. If that happens, please ask us to review your situation before taking any action.

Check for accuracy

This SoA is based on the information you provided. Please read the document carefully, checking that your details are correct and that no important facts are missing. If anything is wrong or missing, please let us know immediately—otherwise our advice may be based on incorrect information and may not be right for you.

Limitations of our advice

We cannot give advice on:

- Trust or business structures
- Taxation
- General insurance
- Direct share or property purchases
- Legal matters

Please don't consider any of this document's recommendations to be advice in any of these areas. If you need advice in these areas, please see a qualified professional in that field.

Assumptions we've made

When giving advice, we make certain assumptions to demonstrate how the advice could affect your financial situation. We've based our advice on economic information and legislation that was current when we prepared your SoA.

All dollar amounts in this SoA are in today's dollars, even when we mention future income, expenses, investment amounts and so on. Naturally we can't predict what future inflation rates will be, so we can only make assumptions based on past trends. Also, all amounts listed in this document are "p.a." (per annum) unless otherwise stated or implied.

Product selection

We are committed to giving you the best products for your situation. When preparing your advice, we considered and recommended only those products on Pareto Group's "Approved Product List". This list was compiled by a dedicated Investment Review Committee, which regularly reviews it. To see the complete product list, please ask us.

Introduction

You are entitled to receive a Statement of Advice (SoA) whenever we provide you with any personal financial advice. Personal financial advice is advice that takes into account any one or more of your objectives, financial situation and needs.

This SoA is a record of the personal financial advice provided to you and includes information on the basis on which this advice is given, information about remuneration including fees, any other benefits and any interests, relationships or associations which might influence the making of the advice.

If this advice includes a recommendation to you to acquire a particular financial product (other than securities) or an offer to issue or arrange the issue of a financial product to you, we will also provide you with a Product Disclosure Statement containing information about the particular product to help you make an informed decision about that product.

The Scope of Our Advice

In this statement of advice, the main focus is on:

- Superannuation structure

This advice is based on information we have obtained from you. You must ensure the information is accurate and complete. Otherwise, this advice may be based on inaccurate or incomplete information relating to your investment objectives, financial situation or needs. You must therefore assess whether the advice is appropriate, in the light of your own individual investment objectives, financial situation or needs.

You recognise in each of the areas of advice we provide, we only provide advice to the extent we are able to under the relevant legislation.

Our Investment Recommendations

In respect of the specific investments, we recommend as part of our advice you are entitled to a 14-day cooling off period for your initial investment. A cooling off period generally means a period of time after which you have provided your capital for investment, where you can change your mind and request for your capital to be returned to you.

Each fund manager or investment provider may implement the cooling off period in a slightly different manner. Therefore, we recommend you refer to the Product Disclosure Statement for each of the recommended investments in order to understand the operation of each provider's cooling off period.

Your Adviser

At any time should you have any questions or concerns, in the first instance please contact your adviser Andrew Lord on (03) 9596 5111.

Andrew Lord is authorised to represent Pareto Group Pty Ltd. Should you wish to discuss matters of concern about your adviser or the advice you have received please contact us on 03 9596 5111.

The Planning Process

Tim, *Financial Planning* is a process to help you reach both your Personal and Financial Goals and Objectives. In order to achieve this, we jointly need to undertake a number of tasks, including:

- ✓ Confirm your personal goals and lifestyle objectives;
- ✓ Quantify the resources required to meet your goals and objectives;
- ✓ Identify any gaps in your current plans and your stated goals and objectives;
- ✓ Develop suitable strategies to address any differences that may exist bearing in mind your attitude to investing and your risk profile;
- ✓ Conduct a regular review of the strategies we put into effect to ensure they keep pace with your changing needs, legislative changes and the investment environment.

Executive Summary

In this plan our advice considers the following areas of your financial circumstances.

Your Goals and Objectives

After our discussions I have listed below what we agreed were your key goals and objectives. The points listed below form the basis of the plan I have prepared, and therefore you should read them carefully now to ensure that we have an accurate foundation on which to proceed. If there are any modifications required, please advise us prior to the commencement of your financial plan.

Your goals and objectives are to:

- Review your superannuation portfolio and determine appropriate strategies moving forward.
- Set up an Allocated Pension with the minimum income stream.
- Retain an Accumulation fund to receive any future contributions.

This report does not show the value of any portion of the asset or liability that may be owned by a third party or associated entity.

Your Investor Risk Profile

The following section of your plan helps to ensure that I clearly understand your attitude to investment selection. Additionally, investments contain various characteristics, which may or may not suit each individual investor.

Tim, based upon previous discussions, it was determined that you have a **Balanced** investor risk profile in regard to investments inside superannuation.

- A Balanced investor places greater emphasis on capital appreciation with current income and asset preservation being of a secondary concern.
- This requires an investments time horizon of between 5 – 7 years.
- Their portfolio would typically comprise an overweight holding in shares and property with a small exposure to income bearing securities such as cash and fixed interest.

A Balanced investor will typically diversify their investment in the following manner:

Australian Shares	34%
International Shares	20%
Fixed Interest	26%
Property	14%
Cash	6%

Our research indicates that long term returns will be best achieved through a diversified portfolio covering all major asset classes (i.e. Cash, Fixed Interest, Shares and Property). By covering all primary investment markets, the risks and volatility of your investments can be managed to levels consistent with your investment profile, whilst maintaining the potential for long term growth. Any recommendation will be based on your risk tolerance, while in balance with your goals and objectives.

Strategy Recommendation

Tax Rates

When assessing the most tax effective environment for your investment assets, we need to consider the tax that would be payable on any income that these investments will generate. The current tax rates are as follows:

Income Earned in your personal name

Tax rates 2022-23

<i>Taxable income</i>	<i>Tax on this income</i>
\$1 – \$18,200	Nil
\$18,201 – \$45,000	19c for each \$1 over \$18,200
\$45,001 – \$120,000	\$5,092 plus 32.5c for each \$1 over \$45,000
\$120,001 – \$180,000	\$29,467 plus 37c for each \$1 over \$120,000
\$180,001 and over	\$51,667 plus 45c for each \$1 over \$180,000

* The above rates **do not** include the Medicare levy of 2.0%.

Income Earned in the superannuation environment

Superannuation in 'accumulation' phase	-	Tax rate = 15%
Superannuation in 'pre-retirement pension' phase	-	Tax rate = 15%
Superannuation in 'allocated pension' phase	-	Tax rate = 0%

Tax on superannuation earnings, contributions and income streams

Superannuation Funds

Tim, you currently have the following superannuation fund:

Tim

OnePath – OneAnswer Personal Super – Account Number 88009344479

- The fund currently has a balance of approximately \$875,096.

Superannuation Structure Moving Forward

- Tim, you would like to move your funds in Superannuation into an Allocated Pension. As you have reached preservation age and you are retired, the earnings generated by the Allocated Pension will be tax free and you may also draw-down a tax-free income stream.
 - Given you generate a passive income of approximately \$75,000 via dividends from a previous business, you would like to continue making the maximum concessional contributions of \$27,500 into Super each financial year.
- Once you open a new Allocated Pension account and you have moved funds into this account, you are unable to make any additional contributions into this Allocated Pension account.
 - This issue can be alleviated by keeping a separate Accumulation fund open so that you may continue making contributions while drawing down a tax-free income from the Allocated Pension fund.

Recommendation:

- Rollover all but the minimum balance of the OnePath Personal Super fund to a new Colonial First State (CFS) Allocated Pension fund.
 - The minimum total balance required for individual OneAnswer Personal Super accounts is currently set at \$2,000.
 - We would therefore recommend rolling over a maximum of \$873,096 into your Allocated Pension account at the time of drafting this Statement of Advice.
- You are eligible to open an Allocated Pension fund as you have reached preservation age and are now retired.
- Commence the minimum pension income stream. This is estimated as **\$34,924** per annum.

For Consideration:

- From 1 July 2023, the minimum income stream that must be drawn from any Allocated Pension is:

Age	Under 65	65-74	75-79	80-84	85-89	90-94	95+
Minimum percentage required from 1 July 2023 onward	4%	5%	6%	7%	9%	11%	14%

Investment Recommendation

Colonial FirstChoice Wholesale Investments

The FirstChoice Investments is a multi-manager investment solution which combines wide investment choice with a competitive and simple fee structure, backed up by a high standard of service support from Colonial First State.

A minimum total investment of \$5,000 (\$1,500 for super) is required to establish an account in FirstChoice Investments. A \$1,000 minimum initial balance is required if a regular investment plan is set up at commencement of the account. The minimum regular investment plan amount is \$100 per month.

Reasons and Benefits

The major features of the Colonial FirstChoice Investments are as follows:

Sector Specific Diversification

A wide range of investment options with access to more than one specialist manager within each asset class. This approach captures the competitive advantages of each manager. We anticipate this will provide higher returns than can be obtained from using diversified funds with, say, only one fund manager.

Simplicity

Consolidated reporting from Colonial First State.

Ease of Management

Automatic investment re-balancing and switching to help you easily and conveniently keep your investment strategies on track.

- We recommend that annual automatic rebalancing is elected.

Highly competitive and simple to understand fee structure

- No entry fee applies to this investment however, with your agreement; your Financial Adviser may wish to charge a one-off fee for upfront costs.
- You can agree with your Financial Adviser to have an ongoing Adviser Service Fee for advice paid directly from your investment. The ongoing fee will be deducted monthly from your investment options.
 - **A \$200 per month Adviser Service Fee will apply.**
- No switching fees or exit fees apply to this investment.

Colonial FirstChoice Management Fee

Colonial FirstChoice charges a Management Expense Ratio to cover their administration costs and the associated costs of managing your funds. Based on your proposed portfolio value, we have provided an estimation of the costs you will pay.

Are My Product Recommendations Restricted?

Non-Superannuation Products

Yes, when making non-superannuation product recommendations I can only choose products from our Approved Product List (APL). This list is compiled by a dedicated Investment Committee, made up of Research Manager, Directors and Representatives who carefully analyse investment products, prior to including any product on the APL. The Committee utilises leading industry research houses to assist with their analysis.

The APL is regularly reviewed to ensure that all funds, managers and investment companies continue to meet our ongoing stringent requirements.

Superannuation Products

Yes, when making superannuation product recommendations I can only choose products from our Approved Product List (APL). However, if you have a superannuation product that is not on our APL, I am still able to make recommendations in relation to that fund providing I have conducted the necessary research and have a thorough knowledge of the fund.

I am responsible for providing you a 'clear, concise & an effective' method of communicating my recommendations to you. The recommendations are based on your goals and objectives, personal and financial situations, and other information collected from you. As the SoA is specifically prepared for you and based on your situation, I do not take any responsibility for any third-party persons acting on all or on a part of any advice or recommendations made in this SoA.

Do I Guarantee the Investments I have recommended?

No. By law, the investments I have recommended must be appropriate to you, however, I do not guarantee that the recommended investments are the best for you or that they will perform in a certain way.

Your Financial Plan

In preparing this plan we have taken into account your specific goals and objectives, and have designed an appropriate strategy that aims to accomplish these.

It is important to appreciate that we live in an ever-changing world. Accordingly, it is probable that, overtime, the basis of our calculations (inflation rates, investment rates etc) will change, as will your own requirements and expectations. It is therefore recommended you review your plan on a regular basis to ensure you are still on track to achieve investment objectives.
